He Hears the Death Warrant Read with Indifference-The Money Taken not yet

Sheriff G. E. Flower Monday morning in the presence of several persons whom he invited to accompany him read the the death warrant to Jacob Henson, Jr., confined in the jail here awaiting his Brown named Friday, June 7 as the day on which Henson must hang.

Contrary to expectation Henson was not visibly affected by the reading of the warrant. He leaned against the wall and listened attentively without apparent motion. In reply to State's Attorney McGuire's question as to whether he understood the meaning of the document he said he did. To per- tian Eckert, Martin F. Burke and H. D. sons at the jail, after the officers had retired, Henson prophested that Ill-luck would attend his executioner, and srid: "I hope the sheriff, after hanging me,

will not live three days." It was the impression that the prisoner, after being definitely informed as to his fate, would reveal the whereabouts of the missing money which he confessed to have taken away from Mr. Shea's store after the murder, but upon that point he still remains obdurate. He greater of his two crimes and it is believed for that reason has refused to make a full confession. Mr. McGuire clean breast of it and tell where the selected instead. It is likely the October money is. Others are of the opinion that he lost it. Sheriff Flower will proceed at once to arrange for erceting the gallows, which will be in the main corridor of the jail. The corridor is about twelve feet wide, with a clear space to the ceiling of about thirty feet, and will afford ample space both for the gailows and the number of persons allowed by law to witness the execution. Sheriff Flower said Monday that he had already received scores of applications to witness the hanging, but as the law gave him authority to admit only twenty, many would, of course, be disappointed. Henson has asked that the Rev. P. B

Tarro, of St. Paul's Catholic Church,

visit him. Father Tarro, also states that

by the prisoner should not involve any-

body else. Henson was baptised a Cath

ed church or made a profession of religion. Father did not know of his bap-

tism until some time last year, when upon the recommendation of Mr. Shea he was employed to pump the bellows of the church organ in St. Paul's.

A number of the promoters of the Baltimore and Washington Boulevard project were in the Council chambers and were elated at the passage of the measure. Some of them stated that the action of the Council completes the preparatory work on the project and that the company is assured of rights of way in Baltimore, Washington and the intervening country. It was also stated that the surveying for the line has been done and that its construction will be started at once and pushed with all possible speed in the expectation that the line from Baltimore to Washington will be finished in fifteen months if no unexpected delays take place. The route of entrance into Baltimore as provided in the ordinance is from the western city limits by way of Edmondson avenue, the Calverton road, Franklin, Monroe and Saratoga streets to Howard street.

Golden Wedding.

Dr. Wm. II. Hardey, near Clarksville, Howard county, and Mrs. Hardey, his wife, Sunday celebrated their golden wedding. Owing to the recent death of their daughter, Miss Irene Hardey, the anniversary was very quietly observed, only the immediate family being present. Mr. and Mrs. John Randall, Mr. and Mrs. Charles T. Kemp. of Baltimore, and Mr. and Mrs. E. B. Renchan, of Norfolk, Va., were present, with their children; also Mr. and Mrs. John Regester, of Baltimore county, Mrs. Mary Robey and Mr. David Clark, the venerable uncle of Mrs. Hardey, Mr. Clark, now in the eighty-fifth year of his age, is one of the five persons living who witnessed the marriage of Dr. and Mrs. Hardey fifty years ago. Dr. Hardey is a remarkably active and well preserved man, seventy-four years of age. Mrs. Hardey is four years younger than her

The County Commissioners. The County Commissioners in session Tuesday were engaged finishing up the work of transferring and releasing property on the tax books preparatory

to the levy of 1895. From present indications the county basis of last year, which was \$8,348,297, will not be materially changed, and it is probable that the tax rate, which was seventy-one cents on the \$100, will be about the same. It is the intention of the board to make the levy earlier this year than formerly in order that the tax collectors, by having the tax bills in hand at the earliest possible date, may be enabled to increase the September returns. The levy it is thought, will be made at the next meeting of the board.

Telephones in Carroll County,

The Western Maryland Telephone Company of Carroll county is progressing very well in the work of stock subscriptions and obtaining subscribers for telephones. General Manager Hazlett was in Sykesville, Manchester and Hampstead last week canvassing for stock and phones. While all the stock of the company has not been taken sufficient amount has been subscribed for to warrant the commencement of making contracts and building the line. A prominent capitalist of Westminster remarked a few days ago that the enterprise promised a better return for money invested than any projected in that section for some time.

Now the long serial on Jefferson, in the classic language of "Junius" may be termed "rot," and in the language of his school boys "rats."

Jefferson was a good Republican, but lived and died at Monticello, an aristocrat. He provided that slavery should be prohibited from the territory of the Northwest, yet he held fast to his niggers -and his fiddle. He abused monarchy, but drove a splendid bargain with Napoleon for the vast Louisiana Territory. He preached that all men are free and equal, yet "freeholders" exercised the right of suffrage in his day, and a white man, not possessed of real estate, i. e. land and negroes, belonged to the "poor white trash," and had little part in the government of Jefferson.
